All of us were refugees of the nuclear family . . . Twenty-four-year-old artist An A warm, funny, and whip-smart debut novel about rebellious youth, inconceivable motherhood, and the complications of belongingâ€™to a city, a culture, and a familyâ€™when none of them can quite contain who you really are. All of us were refugees of the nuclear family . . . Twenty-four-year-old artist Andrea Morales escaped her Midwestern Catholic childhoodâ€™and the closetâ€™to create a home and life for herself within the thriving but insular lesbian underground of Portland, Oregon. But one drunken night, reeling from a bad breakup and a friendâ€™s betrayal, she recklessly crosses enemy lines and hooks up with a man. To her utter shock, Andrea soon discovers sheâ€™s pregnantâ€™and despite the concerns of her astonished circle of gay friends, she decides to have the baby. A decade later, when her precocious daughter Lucia starts asking questions about the father sheâ€™s never known, Andrea is forced to reconcile the past she hoped to leave behind with the life sheâ€™s worked so hard to build.
